Declaration of performance for „wall cladding elements“

On 19.09.2016 the MPA NRW attested, with the report No. 230010566, that the "imi-mineral coating" on "Egger MDF Flammex E1 CARB2 B", with the requirements for wall paneling elements for building materials according to class B 1 (flame-retardant building materials) according to DIN 4102 Part 1 (May 1998) as fulfilled.

The building material is considered as non-burning dripping / falling.

The performance of the product corresponds to the declared performance.

If you have any questions, do not hesitate to contact us.

Signed by the user and in his name:

A handwritten signature in blue ink, appearing to read 'Peter Schubert', written over a horizontal line.
